

Quick, Concise, and Cool News - February 2018

President's Paragraph

GAPPP University & Expo

If you weren't able to make it to our GAPPP University & Expo, you missed out on an awesome

experience! We had nearly 1000 suppliers, distributors, and end users attend the event! Here's a breakdown:

GAPPP University

12 Room Presenters

79 Distributor Attendees

GAPPP Expo

119 Supplier Booths

348 Distributor Attendees

534 End Buyer Attendees

I want to personally thank each and every one of you who helped to make this event the success it was. Without you, we would not be able to host such a successful show! Which brings me to...

Volunteers

Have you ever wondered how GAPPP is able to put on the events it does each and every year? Well, it's through the help of our Executive Director, our Board of Directors, AND our invaluable volunteers. We're always looking for members to serve on committees and volunteer their time at events. If you're interested in giving back, please email us at volunteer@gappp.org.

Member Spotlight

Meet Sarah Marie Clark, new to the GAPPP board this year, and just went to work with Jack Nadel International.

When meeting her, the first thing you notice about Sarah Marie is her smile. She's always positive and full of energy, even after keeping up with her beautiful 3 year old!

As part of the spotlight, we dig deep to get some inside with some compelling questions, like, "What's your most favorite food in the world?" or "Name one thing on your bucket list."

Now that you're HOOKED, use [THIS LINK](#) to open up the rest of the VERY brief interview.

Do you know someone that everyone in GAPPP should get to know better?

We'd love to reach out to them and put them on our front page, too!

Just drop a note to info@gappp.org, subject line MEMBER SPOTLIGHT.

Stick with us, kids, we're gonna make you famous!

GAPPP Goes to SunTrust

vs.

May 15, 7:35 is first pitch!

Tickets are limited!
